

NORTHWEST TECH

HOUSING HANDBOOK

2017-2018

Introduction to Campus Housing

Welcome to Campus Housing!

We look forward to having you as a resident at Northwest Tech. We hope that you have a great college experience.

While living in the Village, you will be within walking distance of the Keirns Fitness Center, where intramural activities are held. Your participation in these activities will help you become acquainted with other students on campus. You will be close to your department, and you will also find that you are close to all of the campus "happenings".

The unit you are assigned to will be your home for 9, 10, or 11 months, depending upon the program in which you are enrolled. We encourage you to decorate, arrange, and make the unit "a home away from home" for this period of time. (If moving any college property out of room, you must make arrangements with staff.)

Your mailing address while you are here will be:

NWKTC
ATTN: Student Name
1209 Harrison St
Goodland, KS 67735

***Packages/mail can be picked up in the Business Office**

If you need any assistance, the Village Manager is available to assist you. Feel free to visit with the manager. You may call the Housing Director at: **785-821-2578**.

A . Notice of Nondiscrimination

Northwest Tech does not discriminate on the basis of race, color, national origin, religion, age, disability, or sex. Accusations concerning sexual discrimination, sexual harassment, and age discrimination should be referred to the TITLE IX COORDINATOR/AGE ACT COORDINATOR, Vice President of Student Affairs at 785-890-3641. Accusations based on disability or race, color, or national origin should be referred to SECTION 504 COORDINATOR/ADA COORDINATOR/TITLE VI COORDINATOR, College Counselor, located at 1209 Harrison (785-890-3641).

B . Accommodations, Adjustments, or Aids to Students with Disabilities

Northwest Kansas Technical College provides and coordinates services to students with disabilities in order to accommodate their disability and promote equal access to educational opportunities. Information regarding accommodations for students with disabilities is available from the Section 504 Coordinator/ ADA Coordinator/Title VI Coordinator, College Counselor, who is located in the Administration Building at 1209 Harrison, Goodland, Kansas 67735 (785-890-3641). Accommodations are provided on an individualized, as needed basis, after the student requests assistance. Students requesting assistance are encouraged to complete an intake interview with the 504 Coordinator.

It is the responsibility of the student requesting the accommodation to have current documentation from an appropriate diagnostician (e.g., physician, psychologist, or past educational organization) regarding the nature of his or her disability and the need for any requested academic adjustment or auxiliary aids. If a student does not request an accommodation, NORTHWEST TECH is not obligated to provide one.

Upon receiving a request for assistance, the Coordinator will respond by granting or denying the request of assistance after meeting with the student to discuss the request, the student's history and experiences and reviewing the documentation provided by the student. The college may request a separate evaluation at the college's expense. Upon granting the request, the Section 504 Coordinator will:

1. Prepare a written document, signed by the Coordinator and student, which specifically list the request(s) and how the college will provide the accommodations, adjustment, or aid to the student with the disability.
2. Forward a written notice of specific accommodations and adjustments to the faculty who teach the student. Any questions regarding these instructions will be directed to the 504 Coordinator.

Upon denial of the request, the Section 504 Coordinator will:

1. Prepare a written document explaining the reason(s) of the denied request and forwarding that recommendation to the College President for a final decision by the President within 10 college days.
2. Meet with the student to inform him/her of the President's decision and give a copy of the above mentioned document to the student.
3. Explain to the student that if they do not agree with the President's decision, the option to appeal is available to them by following the Student Discrimination Action Procedure beginning with step 6.

- Internet (wireless) access are paid for with the signed contract.
- A First-Aid-Kit is located in the Housing Director's unit.
- Housing will be closed during official college holidays (Christmas and Spring Breaks, etc). If a resident wishes to stay in the Village during these college holidays, special arrangements must be made with the Village Manager at least one week in advance of the college holiday break.
- If a resident breaks their contract or is dismissed for disciplinary reasons, they will be responsible for rent payment as outlined in their housing contract for the remaining portion of the lease agreement. Any unused payment for food will be refunded or credited according to the terms of the housing contract.
- If there is no vacancy in campus housing, students may contract with the college for alternative housing. As open rooms become available, students will be obligated to move back on campus.
- Immunizations- Students must bring proof in English of vaccination for meningitis. This record can be a copy from the health department, previous high school, or doctors office. If you do not have proof of vaccination or are not willing to receive the vaccination, please be prepared to sign a waiver. The U.S. Centers for Disease Control and Prevention (CDC), the American College of Health Association (ACHA), and the American Academy of Pediatrics (AAP) recommend that college students, particularly freshmen that plan to live in dormitories, and their parents learn about meningococcal disease and the potential benefits of vaccination.

- AIDS Virus, ARC, and HTLV-III- Persons with AIDS, ARC, or positive HTLV-III tests will not be restricted from living in Campus Housing. Current Scientific and medical knowledge has concluded there is no risk attendant to sharing a room or living with someone infected by HIV. Specific decisions regarding residential housing of students with HIV or AIDS will be made on a case by case basis in conjunction with the County Health Department, and the 504 coordinator. There may be circumstances under which the health of the person with HIV may necessitate special housing arrangements, given the student's compromised immune system.
- All students living on-campus **MUST** have a Meningitis vaccination or have a signed waiver on file with Student Services per the Meningitis policy. Policy is as follows:

Immunization Requirements for All Students Meningitis: To reduce the spread of bacterial meningitis among the student population, the Kansas Board of Regents requires all incoming students residing in on campus housing to be vaccinated for meningitis or to sign a waiver indicating that they refuse to receive the vaccine. Non-compliant students will be placed on administrative hold following the first week of classes and remain on administrative hold until the compliance is documented with the Admissions Office. Students will be unable to enroll for the following semester until the hold is released. Northwest Tech encourages all students to consider vaccination as well as to become knowledgeable about meningitis and its symptoms in order to reduce their personal risk. The vaccine is available at the Sherman County Health Department or Goodland Regional Medical Center.
